

Pennsylvania Certified Recycling Professional 2018 Certification Program

**PENNSYLVANIA
RECYCLING
PROFESSIONAL
CERTIFICATION**

Certified Recycling Professional

Become a Certified Recycling Professional in less than one year. **PROP** is proud to bring training and networking opportunities directly to you from experienced professionals.

PROP's Certified Recycling Professional (CRP) program is accredited by the Pennsylvania State University and nationally recognized. CRP status can be attained in one year by completing 40 hours (4.0 CEU) of course work in three (3) sets of classes.

PROP's Certified Recycling Professional program meets the requirements of the National Recycling Coalition's National Standards Certification Board. These standards meet all learning objectives and promote the establishment of high professional standards for recycling, sustainable resource management, organics, and solid waste managers in both the public and private sectors. New professionals entering the field will gain a solid foundation of industry concepts.

Who Should be Certified?

- ♦Municipal, county, state and federal recycling and waste personnel
- ♦Commercial, institutional and residential managers
- ♦Waste/Recycling haulers
- ♦Sustainability coordinators
- ♦Educators, administrators and custodial supervisors
- ♦Planning and development professionals
- ♦Zero Waste advocates
- ♦Post consumer recycling manufacturers

Nationally Recognized Leader

PROP's Certified Recycling Professional program is the leading provider of education and training in the recycling industry.

- ♦Highest level of education
- ♦Best practices for improved operations
- ♦Top equipment, processing and technology education
- ♦Competitive edge in recycling programs and systems
- ♦Professional support and networking
