

### **Data Management**

**OBJECTIVES** 

To understand the importance of data collection

To learn your role in the data collection process

To become a cooperative partner in the process

## 904 Data Requirements for Eligible Documentation

What type of material

When was material marketed

Where was it generated

How much did it weigh

# 904 Grant Eligible Materials & Acceptable Documentation

Only ACT 101 materials are eligible

Tonnage for 904 <u>must be</u> documented by weigh tickets, manifests, signed reports...

# **Examples of Forms for Eligible 904 Grant Documentation**

PROP Forms are a TOOL

 You can personalize, edit, and make it your OWN for your own County or Municipality

 As long as the form has the Who, What, When, Where, & How Much, and it is signed by the proper individual, it will be eligible

- **24. WAWA**

DEP accepts a "0" residue rate for the 24 Corporate Reports distributed by PROP's Data Management Committee through the Statewide Network when applying for that calendar year's 904 Grant.

#### STATEWIDE NETWORK FLOW OF DISSIMINATION

## FLOW OF DISSIMINATION IS DEPENDENT ON THE COUNTY RECYCLING COORDINATOR

Pennsylvania County Recycling Coordinator
Responsibilities approved at the June 2018
DEP Solid Waste/Recycling Fund Advisory Committee
Meeting, require County Recycling Coordinators to
"distribute to municipal coordinators the statewide
annual reports collected and disseminated by the PROP
Data Management Committee" (Section 3, Item d)

#### **COUNTY RECYCLING COORDINATORS:**

- We ask that you please confirm and update your municipal contacts annually.
- ✓ We ask that you disseminate the reports in a timely fashion

#### **MUNICIPAL RECYCLING COORDINATORS:**

✓ We ask that you please contact your County Recycling Coordinator annually before reporting season to confirm or provide any updates to your municipal contact information.

#### **MUNICIPAL RECYCLING COORDINATORS:**

✓ If during reporting season you do not receive one or more of the statewide reports, please contact your county recycling coordinator directly---it ensures the network is functioning as it should in the distribution of these reports. If you do not receive a report after contacting your county recycling coordinator, then notify me so I can fix the flow of information...

## Two Emails Sent out to County Coordinators in Late October:

**Hello Fellow County Recycling Coordinators:** 

Please find the attached most up-to-date, revised annual report forms. You will also find a link below to access these Annual Report Forms in the Coordinator's Tool Kit on the PROP Website. PROP as you know is now responsible for the update and distribution of these annual reporting forms. I have also attached the forms to this email in their original MS Word or MS Excel formats.

**Happy Reporting 2018!**
